## Customs, Options and FAQs

I consider it an honor and privilege to serve you. Thank you for the opportunity to work together. I recommend reading my brochure before prior to a consultation, so you can make the most of your reading and know what to expect from our time together. Below are responses to frequently asked questions about payments and other logistics.

- **Payments** – Except when delivered in person, readings are purchased in advance via PayPal or by check or money order. I do not take credit cards directly at this time. In-person readings may be paid by cash, check, or money order at the time of service.
- **Method of Delivery** – Most readings are available by phone or by a personal, written report delivered by e-mail as a PDF file. Two exceptions:
  - **The initial astrology reading.** Based on experience, this works best in person or by phone.
  - **Tarot readings** similarly work best in person or by phone.

**Written reading reports are awesome!** If you choose this form, you'll receive a one-page primer on how it works, including how to prepare questions to focus the reading.

**In-person** readings are available to people living in or near Sacramento, CA. I do not do readings in my home. Alternatives are a quiet corner of a coffee house, your house, or any other place where we're both comfortable.

- **Recording Readings** – Phone and in-person readings are recorded, if desired. I am experimenting with some new recording options (to be announced). At present, I record phone and in-person readings via audiocassette. **Note:** Glitch happens with technology. I am unable to re-do a reading if the recording fails. If it's important to you to have a record of the reading, please take notes or use a back-up recording device as a fail-safe.
- **Length of Readings:** Readings average an hour to an hour-and-a-half unless noted. Follow-up flower essence consultations are usually a half hour.
- **Privacy:** Consultations and are held in the strictest confidence.
- **Cancellation Policy:** Please give at least a 24-hour notice if canceling or rescheduling. This allows others waiting for a slot to use the time.

If you cancel a reading you paid for by PayPal and do not reschedule, you will be charged a minimum \$10 cancellation fee to recover the charges by PayPal for their services in taking and refunding your payment.

- **Phone Readings:** Clients place the call and assume the long-distance or toll charges, if any, on phone readings.

Your questions are always welcome. Blessings!
